

ROOSEVELT NATURE FAKIR

CONGRESSMAN SAYS ISN'T A
BEAR IN LOUISIANA.

TEXAS MAN DECLARES SUCH

Declares There Have Been No Bears
in Louisiana 100 Years—Chance
for Membership in "Your's
a Liar" Club.

Washington, Oct. 26.—The horrifying charge made by a Southern congressman that President Roosevelt's bear hunt in the Louisiana canebrakes is the most stupendous and glaring piece of "nature-faking" that has been indulged in by even the worst of the type whom the president has denounced.

This Southern authority affirms that there are no bears in Louisiana; have not been any there for 100 years; that what the president is gunning for and what he has really shot if he has shot any large black object during the present hunt, is simply a very large type of a very dark brown coon, known only to the canebrakes of that region of the South.

And in that connection the Southern congressman tells a real bear story which puts in the shade everything that has come within the recent experience of President Roosevelt.

Of course, warning should be taken of the fact that the author of this criticism of Louisiana bear hunting is a Southern democrat. He may be consumed in the fires of jealousy and trying to do the best he can to discredit the mighty bear hunter of the white house and of America. But the man who makes the statement is Representative Burleson of Texas, a high type of congressman, member of the appropriations committee of the house and authority on cotton crops and bear hunting. He has grown cotton in Texas and hunted the mighty silver-tip bear in the jungles of Mexico.

Mr. Burleson said:
"I venture to assert that the most careful perusal of the best work on natural history that America contains will fail to discover that bears have been seen in Louisiana for 100 years. Of course, we must accept what the president says when he returns and tells his story or presents to the admiring gaze of his friends the pelts of the slain. But I am positive that not a specimen of the Ursus Major has been seen in the canebrakes of Louisiana within the memory of men living or who have died within the last half century.

"The fact is that the canebrakes of Louisiana contain a large type of black raccoon, much larger than the raccoon known to the cornfields of the North. They are as large as a small bear and weigh fully as much. The colored people no doubt think they are bears. But it should not be forgotten that the man who inveigled President Roosevelt into the canebrakes is Civil Service Commissioner

How to Cure Liver Trouble

There are usually several ways to do a given thing, but it is the aim with all of us to find the best and shortest way. It is just so in the cure of disease. People suffering from liver trouble imagine that all they have to do is to take some thing that will physic them. There is more than that in the cure of so serious a disorder as liver trouble.

When that drowsy, clogged up feeling comes on you go to a drug store and ask for a 50 cent or \$1 bottle of Dr. Caldwell's Syrup Pepsin. Take a dose or two and watch results. It will not only clean out the bowels and stimulate the liver, but it will get the blood circulating so that you feel active again, and arouse the functions of the stomach so that your appetite returns and you feel like your old self again. A simple laxative or purgative could not do that. Dr. Caldwell's Syrup Pepsin is not only a wonderful laxative but it has tonic properties, so that, unlike so many other things, instead of leaving you weak and drawn it builds you up and strengthens you.

It does not gripe—it acts smoothly, mites the intestines so that the passage is smooth and agreeable. It is gentle but effective, pleasant to the taste and pure in quality. It is an excellent, economical Home Cure, and its results are permanent. It is absolutely guaranteed to do what is claimed for it.

Use it for occasional or chronic constipation, dyspepsia, indigestion, biliousness, sour stomach, bloated stomach, flatulence, diarrhea, and the dozen and one other ills of the stomach, liver and bowels. It is the greatest of household remedies and no family should be without it because in a family someone at any moment may need such a laxative and then you will appreciate having Dr. Caldwell's Syrup Pepsin in the house.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample sent to them by mail. Simply fill out the coupon and send it to the nearest drug store. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it before. If it only gives you any symptoms of stomach, liver or bowel disease. Get it yet most effective laxative for children, women and old folks. A guarantee, permanent home cure. **THE PUBLIC VERDICT:** "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears every guarantee. No. 17, Washington, D. C.

McIlhenny, who, I venture to assert, would not know a bear if he met it in a zoo."

This is horrible, if true, and when behind that attack upon the canebrake the facts come out they may do powerful damage to President Roosevelt's reputation as a bear slayer.

But to show the political animus bear chase it is noticed that Representative Burleson takes pains to call attention to a recent bear hunt, the account of which he tells in a spirit which indicates that he means to infer that President Roosevelt should go out and get a reputation as a bear killer. The awful part of the story is that it makes Dr. Penrose, brother of Senator Bois Penrose of Pennsylvania, the hero. This is easily connected with the stories which were current here last spring of Senator Penrose's part in the Senator Bourne dinner, and the collecting of a fund of millions among the bad trusts to defeat President Roosevelt's ideals.

At all events, the story is that Dr. Penrose recently hunted grizzly in the mountains of Montana. He shot a cub, when he was attacked by the mother, a ferocious monster of the type, which, after being shot three times with Mauser bullets, had strength enough to close in on Dr. Penrose and with two swipes of his immense paws, nearly tore off his entire scalp, shattered his face and broke one of his arms, and then, with a mighty effort to crush his breast with her jaws, she fell over dead, leaving the doctor to be picked up unconscious and half dead by his comrades in the hunt.

As the story goes Dr. Penrose was recently confined in a hospital in St. Paul for treatment for the wounds he received in that terrific combat.

It is true that the mixing up of a Texas Bryan democrat and a brother of Senator Penrose in these accounts, which are so threatening to the exalted reputation of President Roosevelt as a destroyer of bears, gives the whole affair an air of improbability. But it is good as far as it goes and is entitled to all the credence that would be given the authorities in question upon most all topics in politics and "nature faking."

Notice is hereby given that the undersigned will proceed to sell to the highest bidder for cash in hand in front of the United States court house in the town of Ardmore, Indian Territory, on the 6th day of November, 1907, at two o'clock p. m., one hundred and fifty shares of the stock of the Brunswick Asphalt company, as evidenced by certificate number eleven of said company of the par value of \$100.00 each. Also one hundred and fifty shares of the stock of the Brunswick Asphalt company, as evidenced by certificate number thirteen. The total aggregate amount of said stock being three hundred shares. Said sale to be made pursuant to the judgment of the United States Court for the Southern District of the Indian Territory, entered on the 23rd day of February, 1907, foreclosing the lien of C. L. Anderson, the defendant in said suit, upon said shares of stock, in the sum of \$2,778.77, with interest from the 23rd day of February, 1907, at ten per cent per annum, in consolidated causes 2777 and 2778, styled H. H. Kemble vs. C. L. Anderson, and E. F. Alworth vs. C. L. Anderson.

Said sale will be made pursuant to the power conferred upon me as special master to sell the same.

Witness my hand on this, the 16th day of October, 1907.

AN ALLEGED OUTRAGE

AMERICAN, WITH TWO OTHERS
IMPRISONED IN MEXICO
WRITES TO OKLAHOMA.

Guthrie, Okla., Oct. 26.—His own story of how he, with two other Americans was falsely accused over two years ago of murder and has since that time been imprisoned in the Mexican state penitentiary at Chihuahua, is contained in a letter written to Thomas H. Chitt, by Dr. C. S. Harle.

The physician has asked the Oklahoma department of justice to lay his case before the United States authorities. The efforts of himself and companions have been ineffectual. They have applied for a writ of habeas corpus.

The three Americans are charged with murder and conspiracy to defraud the New York Life Insurance company, in connection with the deaths of H. M. Mitchell and James Devers. Mitchell carried a policy for \$15,000 with the New York Life. Dr. Harle, as medical examiner for the company, examined the applicant and was instrumental in securing the policy.

In February, 1902, Mitchell died suddenly. Dr. Harle, who was summoned, pronounced the case suicide from morphine. The policy was then paid to the beneficiary of the dead man C. R. Richardson, whose real name is Leslie E. Hubert.

In December, 1901, according to Harle's story, a policy of \$15,000 was made out to James Devers. William Meredith, whose right name is William Mitchell, a brother-in-law of H. M. Mitchell being named beneficiary.

Devers died in February, 1902, and the policy was paid to Mitchell, Richardson, the records showing, getting \$7,000 of the amount. A detective, W. J. Garrison, was detailed on the cases by the authorities, whose suspicions were aroused and the next development was Garrison's application for a policy of \$100,000.

Warrants were immediately sworn out for the arrest of Richardson and Meredith alleging murder and conspiracy to defraud the New York Life. They were arrested in El Paso, Texas, with Dr. Harle and the medical board, composed of two druggists performed an autopsy over the exhumed remains of Mitchell and Devers. The result of their examination was that the two men came to their deaths by doses of strychnine and bichloride of mercury.

The three suspects were extradited from El Paso in May 1903 and imprisoned in the state penitentiary in spite of the fact that the legal medical council of Mexico declared after examining the evidence submitted originally to the druggists, that neither of the deaths was due to poisoning. Harle, Richardson and Meredith have been in prison since their arrest. The physician's mother a short time ago wrote Attorney General Cramwell asking him to intercede for her son. Mr. Cramwell is not in the capital now and no action will be taken until his return.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures in grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. For sale by all druggists. d.w.

Out of Sight.

"Out of sight, out of mind" is an old saying which applies with special force to a sore burn or wound that has been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by W. H. Frame, City Drug Store, 25c.
